

U.S. 95 Corridor Description

Thank you for your interest in the U.S. 95 Corridor Study.

The U.S. 95 Corridor Study will result in a corridor plan that identifies important improvements to U.S. 95 from Owyhee County to Adams County over the next 20 years.

The completed corridor study will:

- **Analyze existing conditions on the highway**
- **Forecast future demand over the next 20 years**
- **List short and long-term transportation improvements**

The study will be based on:

- **Community input**
- **Engineering analysis**
- **City, county, public, and agency visions for the future**
